

# Application – Studio Della Statua

Please fill in the application below, and attach the following (This can be done digitally, or you can send in printed materials to the address below. If you wish the materials back please send a self-addressed, stamped envelope with your application.):

- Statement of interest and intent (why you wish to study at Studio della Statua, for how long, your expectations, and your goals. This need not be more than a few paragraphs.)
- At least three examples of work either as a student or autonomously; work in two or three dimensions which display draughtsmanship are encouraged, such as cast drawings or figure sketches.

NOTE: Studio Della Statua is NOT an art school. It is a private studio offering professional level training, but does not grant degrees, and is not accredited with any university program. If you are unfamiliar with atelier-style training, you may wish to learn more at websites such as [www.artrenewalcenter.org](http://www.artrenewalcenter.org) to determine whether an atelier education is right for you.

Typically, a successful atelier student is highly self-motivated and actively pursuing a career as a working artist, prioritizing skills over diplomas.
